

MOMENT MINISTRIES **SEEDS** MIDDLE SCHOOL CAMP IS AN EXPERIENCE LIKE NONE

OTHER. For young women and girls to understand and experience the unchanging beauty and value that God created in them, they must first have the truth planted in their hearts. It all starts with a small seed that is made to grow. But in order for that seed to grow, it has to interact with the dirt and soak in the nutrients that surrounds. This makes it possible for the seed to sprout and blossom into something anchored and life-giving. This event is an exciting opportunity for middle school girls to

taste what it means to delve into and interact with Scripture, soak up new ideas and concepts of who Jesus is, and understand who He created *them* to be. They also get the chance to build relationships and community that will last beyond this camp. After this inspiring experience, these girls will be equipped with the tools to continually deepen their faith wherever they go. They will know how to live out the true beauty and value God has purposefully created in them.

THROUGH SEEDS, GIRLS WILL GET TO...

- \*Experience what it means to feel beautiful and valuable in Christ
- \*Learn how to step outside of fear and live in the unshakable courage found in Jesus Christ
- \*Be equipped with the tools to make lasting friendships and build community
- \*Create goals, dreams, and standards for themselves

These happen through engaging worship, encouraging messages, discipleship-training workshops, fellowship, Scriptural studies, small group discussion and dialogue, team building activities, and one on one mentorship from godly women. THESE GIRLS WILL GET TO WALK AWAY WITH A FREEDOM AND CONFIDENCE THAT CANNOT BE SHAKEN BY THE WORLD.

*Blessings*
